

STEC

Holiday Workshop Program

19 - 22 December

19 December, 9.00-10.30, Age: 6+
DINOSAUR DIORAMA

Take your friends back in time and show how dinosaurs lived in their own habitat. Create your own stories by cutting out various backgrounds and your favorite dinosaurs.

Cost: 10.00 Rand

20 December, 9.00-10.00, Age 8+
WHY DO SOME FOODS TASTE SOUR?

Can we tell how sour food is, without tasting it? Do some experiments and learn more about the pH of sour food and other household chemicals in this workshop.

Cost: 5.00 Rand

21 December, 9.00-10.30, Grade 5-7
DNA – THE MOLECULE THAT MAKES YOU

DNA is the molecule that makes you who you are: your DNA determines what you look like, and to some extent, how you behave. Extract some DNA to see what this amazing molecule looks like.

Cost: 5.00 Rand

22 December, 9.00-10.00, Grade 1-4
DINOSAUR MYSTERY

A bone of the dinosaur Anatotitan was found in the middle of nowhere. With the help of this bone, can we solve the mysterious death of the dinosaur Anatotitan?"

Cost: 5.00 Rand
