

Student Support Services

Do you need help
making a
decision about
YOUR CAREER?

We offer:
**COMPUTERISED
CAREER ASSESSMENTS**

Career Assessments are an essential service offered to registered and prospective students who may be struggling with career indecision or career confusion.

Based on an extensively researched model, the Genesys assessment provides an in-depth assessment of the full sphere of human personality, values and interests. It has been developed to ensure culture and gender fairness.

Students will receive a comprehensive report and individual feedback with a registered psychologist.

Career assessments for prospective students will operate on a scheduled block appointments system.

A cost will be charged for the assessment

DATES: Please make an appointment

Note: These tests can be done remotely
